### Paper Stocks:

- 60 lb. Gloss Label with UV Coating
- 60 lb. Uncoated Label

### Gloss Label with UV Coating

This white adhesive-backed paper is used solely for stickers, and is slit on the back for easy removal. All of our stickers have High Gloss UV Coating on the surface for radiant shine and color vibrancy. You cannot write or print on products with High Gloss UV Coating.

### Uncoated Label

This uncoated sticker material is the go-to option if you're looking for a writable surface. Our stickers are printed on white adhesive-backed paper that is slit on the back for easy removal.

Sizes vary based on shape (i.e. circles go up to a 6 inch diameter, however, the rectangle can go as large as 8.5x11.

**Just be sure to check on available sizes for each shape.**
