### Quick Tips:

- ▶ Cover means card stock (thick paper).
- ▶ Book or Text means paper (not as thick as card stock.)
- ▶ High Gloss UV is a high gloss coating, Aqueous is a glossy coating, and Matte Finish is a non-glossy, flat finish.
- ▶ You cannot write or print on High Gloss UV-coated stocks, and we do not guarantee that you will be able to write on Aqueous-coated stocks.
- ▶ We do not recommend using heavy, dark ink on uncoated stocks due to offsetting.
- ▶ Glossy stocks provide brighter colors, whereas dull and uncoated stocks provide softer colors.
- ▶ C2S indicates gloss coated on two sides.
